Stand by for a R100-million Soccer 13

Saturday week 25 October is your chance to become a multi-millionaire overnight for as little as R2!

TAB's popular Soccer 13 bet on that day is set to offer probably the biggest soccer pool in history. The pool is guaranteed to be a minimum of R62 million, which is set to spark a betting frenzy that should generate a total pool of over R100 million!

The bet is easy to play. Soccer 13 comprises 13 soccer games and to win you must forecast the

outcome of each game, choosing from only three result options:

- 1 = Team A (usually the home team) to win
- 2 = Draw
- 3 = Team B to win

Play a single (one choice in each match) or multiple bet, in which you can include one or more result options in one or more of the games. A single entry costs R2 and a multiple entry is R2 per line. It's easy to calculate the cost of a multiple entry - multiply out the number of result options se-

lected in each game and multiply that total by two.

So say you select one result option in 10 games and two result options in each of the other three. That gives eight lines (2 x 2 x 2 x 1 throughout) and each line costs R2, so total cost is 8 x R2 = R16.

The big payout is for all 13 correct, but there are consolation payouts for any 12, any 11 and any 10 matches correct. Make a date - bet Soccer 13 with TAB on 25 October. It's your best shot at scoring a huge win!
